NEXT GENERATION

Covr provides seamless, reliable Wi-Fi that covers every square inch of your home. Designed for today's device-dense homes, the Covr AX solution is perfect for 4K streaming, VR gaming, video calling and keeping all your smart home devices connected.

Seamlessly connects your devices to the strongest signal as you move from room to room, eliminating the need for them to disconnect and reconnect.

Covr Points come pre-wired out of the box, just plug them in and get started.

Small data packets destined for multiple devices are transmitted together and never have to queue up again. Perfect for Smart Homes filled with bandwidth-hungry IoT devices battling for bandwidth.

Assign devices to family members' profiles to individually block devices and websites, set schedules for access, and turn off Wi-Fi.

Covr is a scalable solution. Add extra Covr Points where you need more coverage.

Automatically steers your devices to the optimal wireless band, ensuring you're always connected to fast, reliable Wi-Fi throughout your home.

Simply connect Covr to the Router or Gateway provided by your ISP to add whole home coverage to your network.
