

*Unleash the Power  
of Hi-Speed USB*

DUB-A2

- Two Hi-Speed USB 2.0 Ports
- Hi-Speed 480Mbps Transfer Speeds
- Plug-&-Play
- Backwards Compatible with USB 1.1
- Compatible with Microsoft<sup>®</sup> Windows XP, Me, 2000 and 98

## *Hi-Speed USB 2.0* **2-Port PCI Adapter**

The DUB-A2 is a Hi-Speed USB 2.0 2-port PCI adapter that upgrades desktop computers to the new and faster USB standard. This card is designed to work with mice, keyboards, external CD-R/RW's, external hard drives, PC cameras, and all other USB enabled devices. It is 40 times faster than previous USB adapters and 20% faster than Firewire (IEEE-1394). Each of the two USB 2.0 ports transfers data at 480Mbps (Megabits per second), making it ideal for external storage, backup, networking and digital video.

The DUB-A2 is certified to USB 2.0 standards and is backward compatible with USB 1.0 and USB 1.1 products. This gives you the ability to connect all of your USB 1.x devices to the DUB-A2 USB 2.0 adapter and they will work. Each port detects whether the connected device is USB 1.x or USB 2.0 and automatically runs the device at the correct speed.

The DUB-A2 supports Plug-and-Play installation which makes the DUB-A2 easy to install.

DUB-A2

## SPECIFICATIONS

### Standards

- USB Specification Version 2.0
- USB Specification Version 1.1
- USB Specification Version 1.0
- OHCI 1.1 (Open Host Controller Interface)
- EHCI .95 (Enhanced Host Controller Interface)

### Compatible Operating Systems

#### USB 2.0 Speed

- Microsoft Windows XP, ME, 2000, 98 with USB 2.0 Support

#### USB 1.x Speed

- Mac OS 8.6 to 9 with USB 1.x Support and USB Card Support 1.4.1
- Microsoft Windows XP, Me, 2000, 98 with USB 1.x Support

### Ports

- Two downstream USB Type "A" receptacles

### Connectivity

Up to 127 devices by cascading multiple hubs

### Supplied Current

500mA per port

### Storage Temperature

0 to 95%, non-condensing

### Certifications

USB-IF

### Humidity

5% to 95%, non-condensing

### Card Type

PCI Version 2.2

### Compliances

CE, FCC Class B, VCCI, UL

### Operating Temperature

0°C to 40°C

### Warranty

1 Year

Technology

Hi-Speed USB 2.0 - 480Mbps

1394 Firewire - 400Mbps

USB 1.1 - 12Mbps

1X

Up to 40X

## Performance

The DUB-A2 performs up to 40 times faster than USB 1.1 by utilizing the 480Mbps throughput speed of Hi-Speed USB 2.0.
