

WIRELESS N ROUTER

TOTAL COMPATIBILITY

Works with any Wi-Fi certified device, giving you peace of mind and performance

TOTAL SECURITY

Complete set of security features including an SPI firewall and Wi-Fi Protected Access to shield your network from intruders

EASY CONFIGURATION

The D-Link Click n' Connect Wizard and Wi-Fi Protected Setup™ (WPS) offer automatic configuration and easy addition of new devices

HIGH-SPEED WIRELESS NETWORKING

Create a high-speed wireless network for your home using D-Link's DIR-615 Wireless N Router. Connect the DIR-615 to a broadband modem and wirelessly share your high-speed Internet connection to enjoy surfing the web, checking e-mail, and chatting with family and friends online. The router uses Wireless N technology, which offers increased speed and range over 802.11g/b standards¹. It features NAT (Network Address Translation), allowing multiple users to connect to the Internet by sharing a single IP address. The DIR-615 also includes an integrated 4-port 10/100BASE-TX Ethernet switch that gives you the flexibility to connect wired devices to the network.

SECURING YOUR WIRELESS NETWORK

The DIR-615 includes a built-in firewall that safeguards your network from harmful attacks. It minimizes the threats of hackers and prevents intruders from entering your network. Additional security features include a Stateful Packet Inspection (SPI) firewall that analyzes all network traffic, as well as parental control features that prevent certain users from viewing inappropriate content. The DIR-615 supports Wi-Fi Protected Access (WPA and WPA2) to keep your network traffic secure.

COMPATIBILITY ASSURANCE

The DIR-615 provides a high-speed connection to other 802.11n devices and is backward compatible with 802.11b/g, ensuring compatibility with a wide range of wireless devices. The DIR-615 includes four Ethernet ports for connecting Ethernet-enabled PCs, print servers, or other devices. In addition, the DIR-615 is Wi-Fi Protected Setup™ (WPS) certified, making it even easier to securely configure your wireless network.

WHAT THIS PRODUCT DOES

Share your broadband Internet connection with multiple computers in your house by simply connecting the DIR-615 Wireless N Router to your cable or DSL modem. Once connected, you can create your own personal wireless home network and start sharing documents, music, and photos.

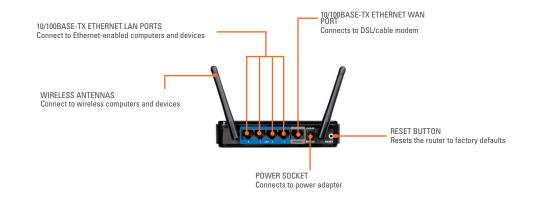

EASY INSTALLATION

Set up your new D-Link networking hardware in minutes using our new D-Link Click n' Connect Wizard. The wizard will guide you through an easy-to-follow process to help you install your new hardware and connect to your network.

ADVANCED WIRELESS FUNCTIONS

The D-Link Wireless N Router includes everything you need to get a wireless network up and running.

- Wireless N and IEEE 802.11b/g compatible
- Advanced Scheduling
- WEP, WPA (TKIP), and WPA2 (AES) support
- WPS™
- UPnPTM support

TECHNICAL SPECIFICATIONS

SYSTEM REQUIREMENTS

- Cable or DSL modem with Ethernet port
- Computer with:
- Windows XP SP2, Windows Vista, Windows 7, or Mac OS X (v10.3/v10.4, or Linux-based Operating System
- An installed Ethernet adapter
- Internet Explorer 6 or Firefox 2.0 or higher

INTERFACES

- 4 10/100 | ΔN Ports
- 1 10/100 WAN Port

STANDARDS

- IEEE 802.11b
- IEEE 802.11g
- IEEE 802.11n

WIRELESS FREQUENCY RANGE

2 4 GHz to 2 497 GHz

ANTENNAS

■ Two fixed external 2 dBi omni-directional antennas

SECURITY FEATURES

- WEP 64/128-Bit Data Encryption
- Wi-Fi Protected Access (WPA/WPA2)

factors will adversely affect wireless signal range.

■ WPS™

ADVANCED FEATURES

■ UPnP™ support

FIREWALL FEATURES

- Network Address Translation (NAT)
- Stateful Packet Inspection (SPI)
- MAC Address Filtering
- URL Filtering

DEVICE MANAGEMENT AND MONITORING

- Web UI
- D-Link Network Monitor Yahoo! Widget
- D-Link Internet Usage Meter Yahoo! Widget

DIAGNOSTIC LEDs

- Power
- Internet Status
- WLAN
- = LAN

POWER INPUT

• 5 V DC / 1.2 A through External Power Adapter

factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughout rate. Environmental

POWER CONSUMPTION

= 6 W

DIMENSIONS (L x W x H)

■ 148 x 113 x 32 mm (5.8 x 4.4 x 1.3 inches)

264 grams (0.6 lb)

OPERATING TEMPERATURE

0 to 40 °C (32 to 104 °F)

OPERATING HUMIDITY

• 0% to 90% (Non-condensing)

CERTIFICATIONS

- FCC Class B
- Wi-Fi
- CE Class B
- Compatible with Windows 7
- ENERGY STAR qualified power adapter

1 Maximum wireless signal rate derived from IEEE standard 802.11n specifications. Actual data throughput will vary. Network conditions and environmental
