

Product Highlights

High Performance

Enjoy superior dual-band N wireless performance, which avoids interference and maximizes throughput for faster video streaming, file transfers, and gaming

Complete Connectivity

Upgrade to 802.11n technology while staying compatible with 802.11g making your old and new devices compatible

Painless Setup

Set up your Adapter in a few quick steps with a simple Setup Wizard which installs your adapter quickly and makes going wireless easy.

DWA-160

Xtreme N Dual Band USB Adapter

Features

Connectivity

- Improved speed and range over standard Wireless N adapters
- Dual Band™ technology enables HD video streaming, file sharing, enhanced Internet phone calling (VoIP), and web surfing
- Access a secure wireless network using advanced WPA™ or WPA2™ encryption
- Backward compatible with 802.11g devices including game consoles and digital media players

Easy Installation

- Easy to install and use with the D-Link Setup

Use the D-Link DWA-160 Xtreme N Dual Band USB Adapter to connect to a hotspot or an 802.11n dual band router to enjoy a reliable wireless connection that can handle High-Definition (HD) video streaming. The Xtreme N Dual Band USB Adapter connects your computer to a high-speed wireless network and provides a fast wireless connection with superior reception. Once connected, you can access your network's high-speed Internet connection while also getting secure access to shared photos, files, music, video, printers, and storage.

Mediaband Technology

Dual-band technology transmits regular Internet traffic over the 2.4 GHz wireless band and transmits high-bandwidth multimedia traffic over the 5 GHz band. This allows you to browse the Internet and download files while smoothly streaming HD movies at the same time without interference.

Better Speeds, Better Coverage

The Xtreme N Dual Band USB Adapter connects to your wireless network with faster speeds and from farther distances. With six times the range and fourteen times the speed, you can enjoy faster and more reliable connections throughout your home.

Easy To Set Up, Easy To Use

D-Link's Setup Wizard guides you step-by-step through the installation process to get you connected to your wireless network quickly and easily, even if you have little to no networking experience. With unmatched wireless performance, reception, and security, the D-Link Xtreme N Dual Band USB Adapter is the best choice for easily adding high-speed wireless connectivity to your PC.

Technical Specifications	
General	
OS Support	• Microsoft Windows XP, SP3, Vista, 7 or 8
Physical	
Diagnostic LED	• Link/Activity
Dimensions	• 79.5 x 23 x 10.8 mm (3.13 x 0.9 x 0.43 inches)
Weight	• 11.4 grams (0.4 ounces)
Temperature	• Operating: 0 to 40 °C (32 to 104 °F) • Storage: -20 to 65 °C (-4 to 149 °F)
Humidity	• Operating: 0% to 90% non-condensing • Storage: 5% to 95% non-condensing
