Web Management Setup Notice

When you access the web management page of your D-Link device during installation, your browser may display a security warning stating, "Your connection isn't private." This is because the device's default management URL is not an actual Internet website with valid certificates and the security of the connection to the device is not compromised. You can proceed with the installation by following these steps:

1. Click the "Advanced" button.

2. Click "Continue to the default management URL."

Now you will be able to log in to your device.
