

# Auflistung der zueinander kompatiblen D-Link WLAN Mesh Systemen

## List of compatible D-Link WLAN mesh systems

Für/For: DIR-X1550, DIR-X1560, DIR-X1860, DIR-X5460, DAP-X1860, COVR-X1862/X1863, R/M/E15, R/M32, G415, G416, COVR-1102/1103, M30, M60, E30

### Wichtig:

1. Bitte stellen Sie sicher, dass die D-Link Geräte die aktuelle Firmwareversion installiert haben, die Sie auf unserer Webseite herunterladen können:

Please take sure that the D-Link devices have installed the actual firmware version, this you can download from our web site:

<https://eu.dlink.com/de/de>

<https://eu.dlink.com/be/fr>

<https://eu.dlink.com/be/nl>

<https://eu.dlink.com/nl/nl>

2. Beachten Sie bitte die Anleitung zu den Unterstützten Mesh Netzwerkaufbauten, die Sie unter [https://ftp.dlink.de/anleitungen/Possible\\_Mesh\\_Environment.pdf](https://ftp.dlink.de/anleitungen/Possible_Mesh_Environment.pdf) herunterladen können.

Please attend the manual Supported Mesh Network Environments, this you can download from [https://ftp.dlink.de/anleitungen/Possible\\_Mesh\\_Environment.pdf](https://ftp.dlink.de/anleitungen/Possible_Mesh_Environment.pdf)
